

TRADE SHOW & SPONSOR GUIDE

Maximizing Growth, Grain & Advocacy

DECEMBER 2 – 3, 2025

THANK YOU TO OUR 2025 MONTANA GRAIN GROWERS ASSOCIATION CONVENTION EXHIBITORS & SPONSORS

STEVE SHEFFELS
2025
CONVENTION CHAIRMAN

This guide is meant to introduce you to the fine sponsors and exhibitors who help make this annual event a success. Their support helps defray the costs of convention essentials, including meals, hotel room rentals, speakers, publications, audio/visual and more. Use this Trade Show & Sponsor Guide as a reference during convention and take it home to support them throughout the year.

Please support these businesses and join us in thanking them for investing their valuable resources into the agricultural industry and the Montana Grain Growers Association.

EXHIBITORS & PARTNERS

5 GEN GROWING SOLUTIONS

5 GEN is a locally owned and operated progressive company focused on growing solutions for producers, maximizing crop production and output. We sell crop protection and nutritional products so farmers can thrive. Everything You Need to Grow What You Want.

7 W ENTERPRISES, INC.

7 W Farms was formed in 2001, but has been carrying on the Woods family tradition of quality agriculture production on the hi-line of Montana since 1911. Graduates of Montana State University Greg Woods and son Matthew Woods, are the 4th and 5th generation of Woods to farm at Inverness, MT. 7 W Farms began planting quality high-yielding foundation or registered Spring/Winter Wheat and Durum through Montana State University in the mid-1990's. Our goal with planting foundation/registered or certified seed is to produce extra bushels per acre of high-quality high-protein grain, while keeping our fields clean and free of unwanted weeds and grasses.

Recently we have expanded the farm business to include becoming a registered commercial seed supplier through 7 W Enterprises, Inc. We value you a customer and our goal is to provide you with the best possible quality product.

ACCRUIT

Accruit sets a new standard for 1031 Exchange Qualified Intermediary services by offering a robust suite of 1031 Exchange solutions each designed to exceed client expectations and provide a scalable framework that adapts to clients' needs, business goals, and growth factors. As a full-service Real Estate Qualified Intermediary, Accruit facilitates 1031 exchanges, as well as provides the industry's only 1031 Exchange workflow technology solution. Accruit Private Client Group is a boutique 1031 Exchange group within Accruit composed of experts in the field focused on providing tailored 1031 Qualified Intermediary solutions that align with the client's goals and objectives. Founded in 2000 and acquired by Inspira Financial in 2023, Accruit has gained the trust of thousands of clients and become a leader in the industry through its highly credentialed experts, consistent delivery of service, innovative technologies, robust security protocols and financial strength. Our team includes experienced attorneys, CPAs, and Certified Exchange Specialists®. Private Client Group (PCG) offers a suite of 1031 qualified intermediary services designed for high-net-worth clientele, and institutional investors. PCG clients can expect a high-touch level of service they won't find elsewhere in the exchange industry. PCG clients have direct access to our in-house team of exchange attorneys who will engage directly with their other professional tax, wealth, and legal advisors to curate a seamless 1031 experience.

ADAMS GRAIN BINS

We sell and service grain bins from 1,200 bushels to 1.9 million bushels and every size in between. Adams Grain Bins has you covered with Consulting, Design, and partial or turn-key installations including Foundations, Bins, Handling, Drying, Erection, and Millwright.

AGCOPTER

Agcopter provides drone-based weed detection and precision mapping. Our drones create centimeter-level accurate maps of weeds in fallow fields, which load directly into existing Trimble, Raven, John Deere, and other GPS spray controllers, enabling growers to spray only the weeds and cut chemical costs by over 80%—no extra hardware required.

AGI

AGI BinManager is a division of Ag Growth International (AGI) specializing in advanced grain storage management technology. BinManager provides fully automated monitoring and control systems that tracks temperature, moisture, and automates fan controls in real time. By combining precision sensors with smart automation, BinManager helps producers protect grain quality, reduce spoilage, increase safety, and maximize profit through efficient aeration for hydration and drying. As part of AGI's integrated grain handling and storage solutions, BinManager delivers dependable, data driven control from bin to cloud. Ensuring your grain and systems work as hard as you do.

EXHIBITORS & PARTNERS

AGRI GRO WEST

LEGACY SPONSOR

We link our relationships with independent agronomists and growers across the United States. Our parent company, AgriGro in Doniphan, MO, is a pioneer and leading authority in microbial-prebiotic technology with over 40 years producing proprietary prebiotic formulations. AgriGro West employs technologies and practices that put the grower first. We look at things objectively and are not tied to any fertilizer, chemical, or seed company, so we only deploy practices with your best interest in mind. We leverage soil biology to help micromanage fertilizer and chemical inputs and increase plant counts to produce profitable bushels. Yield always has a cost, and focusing on the biological side increases profitability. Biologicals are not created equal. AgriGro West leads in price, consistent performance, and ease of use. We look forward to working with you!

AGRITECH AMERICA

Weed-it distributor for precision spot spray technology and integration.

AGROLOGICAL SOLUTIONS

Agrological Solutions was founded in 2017 to provide Montana producers with an all-inclusive source for both Agronomic and regulatory advice from a Certified Professional Agronomist (CPAg) and Professional Agrologist (P.Ag). We provide actionable insights on ways to improve the profitability on your farming operation through the implementation of region-specific best management practices. Visit our website for more information at www.aglogical.com

AGT FOODS

AGT Food and Ingredients is one of the largest suppliers of value-added pulses, staple foods and food ingredients in the world. We buy lentils, peas, beans, chickpeas, durum wheat and canola from farmers around our 45+ facilities located in the best pulse growing regions in Canada, the United States, Türkiye, Australia and South Africa as well as offices in the United Kingdom, Europe, India, Central Asia and China and ship our products to over 120 countries around the globe. We create value for producers, quality products for our customers and growth for the global food industry.

AGTEK360

At AgTek360, we champion a groundbreaking “360” approach to sustainable and regenerative farming — an essential response to global challenges like soil degradation, climate change, and the demand for increased food production. With our comprehensive range of products designed for any producer. From Soil Amendments to plant nutrition, we offer everything you need to enhance plant and soil health and boost crop yields, ensuring your farm thrives.

AGWEST FARM CREDIT

LEGACY SPONSOR

AgWest Farm Credit is an agricultural lending cooperative with more than a century of experience serving farmers, ranchers, timber harvesters, and aquatic producers throughout the West. We are committed to providing consistent, reliable credit, insurance and financial services to the people who feed and clothe the world, from Alaska to Arizona. We serve all of agriculture from the smallest operations to the largest – and everything in between. As your trusted source, we'll share our knowledge, insights and financial acumen to help you build strong, thriving businesses that last generations. At AgWest, we are people and purpose first. We champion the growth and advancement of agriculture and the value of rural communities. We work alongside you—offering dependable credit, risk management tools, and business resources to solve tough problems and ensure your enduring success. We understand the challenges you face and celebrate the rewards you've earned.

ALBAUGH LLC

Crop Protection and Seed Treatment Product Manufacture

EXHIBITORS & PARTNERS

ANCHOR INGREDIENTS

At Anchor Ingredients, our mission is to cultivate connectivity and quality throughout the entire food supply chain. We are committed to being the most customer-centric, innovative and transparent farm-to-food partner, dedicated to delivering premium ingredients and added-value services. Since quality begins on the farm, that's where our relationships begin, too. We aspire to be the industry's most considerate origination partner, ensuring that growers' needs and goals are our top priority. With strategically located grain handling and processing facilities throughout specialty crop country, we offer growers convenient, easy-to-access locations, as well as competitive pricing and flexible contract options.

ANNELIDA

Annelida Soil Solutions, North America's largest indoor worm farm, based in Nisku, Alberta, Canada transforms organic waste into premium worm castings, liquid extracts, and natural granular fertilizers. Our eco-friendly products enhance soil health and support sustainable agriculture. Discover more at Annelida Soil Solutions.

ARDENT MILLS

Ardent Mills is committed to transforming how the world is nourished. As the premier flour-milling and ingredient company, we cultivate the future of plant-based solutions to help our customers and communities thrive. We specialize in flour, pulses, and organic and gluten-free products that drive emerging nutrition and innovation across plant-based ingredients.

ATP

At ATP, we believe a proactive, science-based approach to restore the balance between plant and soil health is the single most effective way to deliver the genetic potential of the crop. We challenge the status quo by utilizing agtech to monitor and drive productivity.

BASF

At BASF, we believe farming is the biggest job on earth. Calling it that is the best way to describe what farmers do day in and day out. The pests, the weeds, the diseases. The demands of the crops. Society's rising expectations, tightening regulations. Feeding an ever-growing population. Looking after nature and the land. This pressure to succeed and the challenge of choosing the right tools and technologies to get there is a responsibility we share with all our farmers, here and across the globe.

BELLE PULSES USA

We are a pulse crop elevator, that primarily buys peas and lentils. We specialize in splitting peas and we typically bag and ship them all over the world.

BENCH INDUSTRIES

Manufactured in Great Falls, Montana, Bench Industries has the knowledge and experience to assist you with all of your grain and seed cleaning needs. We have a wide variety of grain and seed cleaning machines, color sorters, vibratory separators, mobile and mini seed and grain cleaning solutions. We are dedicated to providing the best quality grain and seed cleaners. Our machines are built to your specifications and we base our grain and seed cleaners off of your samples. This allows us to meet your grain and seed cleaning specifications under any conditions. Our mobile and mini seed and grain cleaners are available in a variety of sizes and specifications. Please contact us or call for more information.

BIG SKY EQUIPMENT COMPANY

BOUNTY SPONSOR

Big Sky Equipment is full-line ag equipment dealership serving the Golden Triangle area, based out of Conrad. We offer New Holland, MacDon, Apache, FlexiCoil, Highline and other short-line brands. Big Sky Equipment remains family owned and operated and has been serving the Golden Triangle area since 1963.

EXHIBITORS & PARTNERS

BIG SKY VENTURE

Big Sky Venture Group is a grain transloading company based in Cut Bank, Montana. BSVG buys and sells grain from local Montana farmers. We provide transloading services to other Montana companies, trucks can be unloaded in 15 min, including storing product. We are also able to load railcars with our 52-spot rail capacity. Our strategic location in Cut Bank makes it easy for our customers to access our services.

BNSF RAILWAY

LEGACY SPONSOR

With 40,000+ employees and operations in 28 states and 2 Canadian provinces, BNSF is a critical link that connects consumers with the global marketplace. For more than 160 years, BNSF has played a vital role in building and sustaining this nation's economy.

BROTHERS GRIMM

SWAT Maps provider and chemical retailer.

COLUMBIA GRAIN

LEGACY SPONSOR

Quality Pulses and Grain for the World. Reputation is bottom line and we are proud of ours...known for fair dealing, timely delivery of quality products, financial strength and competence throughout our organization. Committed to expanding and improving while never losing sight of our emphasis on quality and customer satisfaction.

COMMERCIAL LYNKS

Commercial Lynks is an agricultural commodities supplier with offices in Montana and Virginia. We work alongside local growers in Montana's Golden Triangle to source high-quality grains at fair prices for our domestic and international markets.

CORTEVA

Corteva is an American pure play crop protection company combining innovation and customer engagement to solve today and tomorrows agricultural challenges

FARM IN THE DELL – ROCKY MOUNTAIN FRONT

Farm in the Dell Rocky Mountain Front is a non-profit organization dedicated to providing a safe home and work environment for individuals with developmental disabilities in the Fairfield community. The farm is a place where these individuals can live and lead healthy productive lives, becoming an integral part of the community.

FARMTECH, INC.

Innovating Farm Resilience and Profitability

FarmTech builds next-generation systems for smarter, more resilient agriculture. Our FarmDefender™, FarmLink™, and FarmIQ™ platforms connect sensors, data, and decision tools to protect yields, reduce losses, and optimize operations. From crop defense and equipment uptime to predictive field intelligence, FarmTech delivers practical innovations designed for growers, by growers.

Headquartered in Montana, FarmTech partners with producers and research organizations to advance on-farm technology that keeps profits local and strengthens rural economies.

EXHIBITORS & PARTNERS

FIRST BANK OF MONTANA

BOUNTY SPONSOR

First Bank of Montana is a division of Glacier Bank, part of Glacier Bancorp, Inc. (GBCI), a regional bank holding company headquartered in Kalispell, Montana. Glacier operates a family of individually run bank divisions that deliver world-class financial services to individuals and businesses across the Western U.S., each staffed by great people rooted in the exceptional communities they serve. Every division manages its own local operations while benefiting from the shared expertise, resources, and strength of a united network of community-minded banks.

This unique structure has earned the Glacier family repeated national recognition for stability and financial strength, including rankings among the top 10% of banks in the country and honors from Forbes and Money magazines. First Bank of Montana was welcomed into this family on October 1, 2006, allowing us to continue delivering the personal attention and friendly service our customers value, supported by the capabilities of a much larger organization. We are proud to have served Montana communities for more than 100 years, with branches in Lewistown, Big Sandy, Chester, Chinook, Choteau, Conrad, Fairfield, Fort Benton, Plentywood, and Vaughn.

FMC AG SOLUTIONS

Basic Manufacturer of pesticides

FRONTLINE AG

LEGACY SPONSOR

Frontline Ag Solutions is your trusted source for quality new and used John Deere equipment, proudly serving you at 10 convenient locations throughout Montana.

We aspire to be a valuable resource to our customers, a benefit to the communities we serve, and a place where clients and employees can grow and prosper. Above all, we strive to be the regional leader and preferred partner of our clients, supporting their success in a rapidly evolving agricultural industry through innovative, high-quality products and exceptional service. We passionately pursue these goals through our core values, which guide how we conduct business for the benefit of our customers, employees, owners, and all those we serve.

GREYN SCALE CO

Scale Sales, Scale Repair, Scale Calibration, and Scale Installation. Authorized Dealer for Rice Lake Weighing Systems, Fairbanks Scales, and Cardinal Scales.

GULICK FARM FERTILIZER

Crop Nutrition

HELENA AGRI-ENTERPRISES

Helena Agri-Enterprises, LLC is one of the foremost agronomic solutions providers in the United States. Helena markets and sells inputs that improve agricultural productivity for greater customer returns. This includes seed and seed treatments, fertilizer and application services, crop protectants, financial services and precision ag services. Helena also has its own line of products through Helena Products Group, which includes adjuvants, crop protection products, fertilizers, crop production products and seed treatments. Helena's theme of People...Products...Knowledge... reinforces the company's commitment to helping customers succeed through knowledgeable and dedicated people, useful and unique products and the latest proven technologies.

Helena is headquartered outside of Memphis in Collierville, Tennessee. Across the country, Helena has close to 6,000 employees that work in over 500 branch locations, as well as division offices.

Helena's overriding goal is to help its customers succeed. This is achieved with a unique combination of dedicated and knowledgeable people, unique and useful products and the latest technical knowledge. The company defines its own success through the success of its customers.

EXHIBITORS & PARTNERS

HOVEN EQUIPMENT

LEGACY SPONSOR

At Hoven Equipment, our helpful team can help you find, finance, and maintain your equipment to ensure you have smooth experience. We carry over 20 of today's top names in farm and construction equipment. In addition to new & used equipment, we proudly offer great rental rates on many different types of equipment. Come visit us today at one of our two locations in Montana!

IND HEMP, LLC

IND HEMP is a family-owned and mission-driven company committed to people and our planet. We believe industrial hemp is the agricultural opportunity of our generation – producing and supplying sustainable natural materials and healthy foods that support jobs in rural Montana communities while sequestering carbon and creating new cash crop opportunities for American farmers.

JGL COMMODITIES

JGL Commodities is a full-service grain and feed ingredient supplier with more than 45 years of experience. We buy and market all types of grain across the Northern Midwest, including barley, wheat, durum, canola, flax, pulses, and off-grade products. By reducing elevation costs through direct merchant and distribution services, we create more value at the farmgate while offering competitive pricing, flexible pickups, and timely settlements. Our reliable logistics and expert market knowledge connect producers to opportunities not available through more traditional marketing companies. At JGL Commodities, we know a strong business is built on friendly, trustworthy service and loyal, long-term relationships. These values remain at the core of who we are today, so we strive to nourish and grow our relationships with our customers, employees, and communities.

LALLEMAND

Biological Company

LIMAGRAIN CEREAL SEEDS

Limagrain Cereal Seeds (LCS) is a farmer-owned and farmer-run international agricultural cooperative. The people who plant and grow our seeds around the world power the products and inspire the innovations that put the future of agriculture right back where it belongs – in the hands of farmers.

LCS is headquartered in Colorado – centrally positioned to our research stations across the United States, as well as more than 25 participating land grant universities. We are dedicated to developing new, improved grain varieties bred expressly for our growers' climates, soils and growing conditions.

Since 2010, Limagrain Cereal Seeds has transitioned from a new player in the U.S. wheat market to the company U.S. farmers rely on for improved wheat and barley genetics. We have more than 75 distinct varieties in the marketplace, representing the major market classes of wheat and barley, and we are constantly researching, breeding, testing and releasing new varieties to meet the needs of our growers.

MARIAS RIVER FARMS

Adaptive Autonomous Irrigation

MARKET PLACE COMMODITIES

Grain Dealer

MCMEEL INSURANCE AGENCY

Mike Rydell is a third-generation crop insurance agent and the host of The Crop Insurance Podcast, a show dedicated to helping farmers navigate the complex world of federal crop insurance with clarity, honesty, and a healthy dose of real-world insight. With decades of experience through his family-owned agency in central Montana, Mike brings a practical, farmer-first approach to every episode.

Stop by the booth to say hi, share your story, and maybe even jump on the mic! Mike is recording conversations throughout the convention and would love to hear your take on farming, risk management, and what's shaping your season. Whether you're a seasoned producer or just getting started, your voice matters—and this is your chance to be part of the conversation.

EXHIBITORS & PARTNERS

MERAKI COMMODITIES INC

Commodity exporters

MERIDIAN SEEDS

Meridian Seeds started in 2002 when 12 North Dakota farmers joined forces to find and share the best high quality seeds available, without being tied to just one breeding program or limited by storage or capital constraints. Since then, we've grown to meet the needs of farmers across the country — cultivating partnerships with elite breeders of pulse crops, edible beans, oilseeds, cereal seeds, cover crops and forage crops.

MILLER CHEMICAL & FERTILIZER, LLC

Miller Chemical & Fertilizer, LLC is a leading provider of agricultural solutions, specializing in the manufacture and distribution of high-quality fertilizers and crop protection products. Established with a commitment to enhancing agricultural productivity, the company focuses on developing innovative products that support sustainable farming practices. Miller Chemical & Fertilizer offers a diverse range of products, including nutrient-rich fertilizers tailored for various crops and soil types, as well as specialized solutions for pest and weed management. The company prides itself on its research and development efforts, continuously seeking to improve product performance and environmental stewardship. With a strong emphasis on customer service, Miller Chemical & Fertilizer collaborates closely with farmers and agricultural professionals to understand their needs and provide expert guidance. Their dedicated team of professionals is committed to delivering reliable solutions that help maximize crop yields while promoting sustainable agricultural practices. Overall, Miller Chemical & Fertilizer, LLC stands out in the agricultural industry for its quality products, innovative approach, and commitment to supporting farmers in achieving their goals.

MONTANA AG SAFETY PROGRAM

BOUNTY SPONSOR

The MASP provides Montana's farmers and ranchers with trainings, resources, and support to increase workplace safety within Montana's agriculture industry. At no cost receive: safety trainings and resources for Montana Safety Culture Act compliance; one-on-one safety consultations, review, and support; safety plans and employee training programs tailored to your operation.

MONTANA DEPT. OF AG

The Montana Department of Agriculture's Agriculture Services Bureau protects Montana's agriculture and natural resources by providing services related to groundwater protection, vertebrate pest and noxious weed control, as well as compliance assistance and enforcement of laws pertaining to pesticides. The bureau provides licensing and registration services for pesticide applicators and dealers and pesticides, including special pesticide registration, along with pesticide safety education, waste pesticide disposal and container recycling services.

MONTANA DEPT. OF AG - STATE HAIL INSURANCE

Montana State Hail Insurance program-For 100 years the Montana State Hail Insurance program has been providing important hail coverage to Montana producers. Producers can insure crops against hail damage at the maximum coverage rate of \$75 per acre for dryland and \$114 for irrigated land. Rates charged are a percentage of the insured amount and vary by county depending on the hail loss history of an area. A detailed list of rates by county and crop can be found on the program's website. The Montana State Hail Insurance program was created at the request of producers in 1917 to provide basic hail insurance coverage on any crop grown in Montana. The program is directed by a five-member board consisting of the department director, state insurance commissioner, and three executive appointees.

EXHIBITORS & PARTNERS

MONTANA FARMERS UNION

Montana Farmers Union is the state's oldest and largest statewide grassroots agriculture organization that advocates for family farmers, ranchers, and rural communities. We are dedicated to preserving the agricultural way of life. Our membership is made up of family farmers, ranchers, and rural community members, along with folks who support rural communities and family farms and ranches. We believe that no farmer or rancher should stand alone, and we are fighting for the issues that will preserve agriculture and rural communities for the next generation.

MONTANA PULSE CROP COMMITTEE

The Montana Pulse Crop Committee (MPCC) manages our state's 1% pulse crop checkoff with one clear goal: deliver long-term return on investment for Montana's producers. Our focus has always been on the producer and supporting rural communities.

Due to the diverse agricultural landscape, many of the farmers we represent grow more than pulses. That's why our strategic priorities now reflect this diversity. Whether you grow, process, research, or advocate for Montana agriculture, MPCC is here to connect, support, and lead through transparency and smart investment.

MONTANA PULSE CROP COMMITTEE

The Montana Pulse Crop Committee (MPCC) manages our state's 1% pulse crop checkoff with one clear goal: deliver long-term return on investment for Montana's producers. Our focus has always been on the producer and supporting rural communities.

Due to the diverse agricultural landscape, many of the farmers we represent grow more than pulses. That's why our strategic priorities now reflect this diversity. Whether you grow, process, research, or advocate for Montana agriculture, MPCC is here to connect, support, and lead through transparency and smart investment.

MONTANA RENEWABLES

Montana Renewables is a leading renewable fuel company located in Great Falls, Montana. MRL produces Sustainable Aviation Fuel, Renewable Diesel, Renewable Hydrogen and Renewable Naphtha. As the largest SAF producer in North America (2024), MRL is dedicated to meeting the increasing demand for sustainable fuels and to supporting a greener future. As a Great Falls business leader, MRL offers high-paying jobs and career opportunities while supporting the local economy and contributing to the community's overall well-being. Pacific Northwest farm and ranch operations ultimately provide MRL with sustainable, renewable, low-carbon feedstocks and agricultural byproducts including tallow, distillers corn oil, canola oil, used cooking oil and camelina oil. These feedstocks are converted to renewable transportation fuels which have lower emissions compared to conventional fossil fuels. MRL is an unrestricted subsidiary of Calumet, Inc.

MONTANA SEED GROWERS ASSOCIATION

The Montana Seed Growers Association is a nonprofit organization dedicated to maintaining and promoting high-quality seed production in Montana. MSGA administers the state's seed certification program in cooperation with Montana State University, ensuring varietal purity and quality standards that support growers, researchers, and the seed industry.

MONTANA SEED TRADE ASSOCIATION

An association of Seed Professionals in the state of Montana who seek to promote quality conditioned seed to aid growers in producing higher yields and higher quality crops.

EXHIBITORS & PARTNERS

MONTANA SPECIALTY MILLS, LLC

Top Quality Oilseed Processor

At Montana Specialty Mills, we process and market high quality oilseeds and specialty products. We adhere to rigorous standards in crop sourcing, processing operations, and customer service. Working directly with local growers ensures consistent access to the best production inputs. Our oilseed products are used as ingredients in a variety of foods that ultimately make their way to families' kitchens across North America and beyond.

MONTANA STATE LIBRARY

The Montana State Library is committed to strengthening libraries and information services for all Montanans through leadership, advocacy, and service. Through consulting services, education, and creative collaboration, we at the State Library focus much of our energy and creative resources to support the infrastructure on which our partners rely.

MONTANA STOCKGROWERS ASSOCIATION

BOUNTY SPONSOR

The Montana Stockgrowers Association protects and enhances Montana ranch families' ability to grow and deliver safe, healthy, sustainably produced beef to the world.

We are a grassroots non-profit membership organization with over 140-years of history advocating on behalf of Montana cattle ranchers. MSGA is the trusted voice of cattle ranchers, an advocate for cattle ranching, and a true partner in efforts to preserve and advance Montana's cattle industry while preserving Montana's complex natural landscape, history, culture, economy, ethics, and social values.

We hope you will consider joining our association and supporting our education and advocacy efforts to keep Montana's family ranchers in business, on the land, and in our communities.

MONTANA WHEAT & BARLEY COMMITTEE

The Montana Wheat & Barley Committee is a producer-funded arm of the Montana Department of Agriculture. The Committee conducts activities on behalf of growers such as buyer relations, trade team visits, producer relations, marketing, association engagement, funding research and sponsorships for agriculture education.

MONTECH SEED GROUP

The Montana Stockgrowers Association protects and enhances Montana ranch families' ability to grow and deliver safe, healthy, sustainably produced beef to the world.

We are a grassroots non-profit membership organization with over 140-years of history advocating on behalf of Montana cattle ranchers. MSGA is the trusted voice of cattle ranchers, an advocate for cattle ranching, and a true partner in efforts to preserve and advance Montana's cattle industry while preserving Montana's complex natural landscape, history, culture, economy, ethics, and social values.

We hope you will consider joining our association and supporting our education and advocacy efforts to keep Montana's family ranchers in business, on the land, and in our communities.

MOUNTAIN VIEW CO-OP

As Montana's largest agricultural cooperative, Mountain View Co-op proudly supports farmers, ranchers, and rural communities all across Central Montana and the Hi-Line. We deliver quality products and services in grain, energy, agronomy, and retail with the goal of helping our members and communities thrive.

MSU – DEPARTMENT OF RESEARCH CENTERS

MSU Department of Research Centers consists of 7 research centers located across Montana

EXHIBITORS & PARTNERS

MSU EXTENSION

MSU Extension improves lives and communities across Montana by providing unbiased, research-based education that integrates learning, discovery and engagement to strengthen social, economic and environmental well-being. 97 MSU Extension agents and 45 subject matter experts serve local needs in 56 counties and 7 reservations, offering education in agriculture, estate planning, healthy living, horticulture, leadership, youth development and more.

MSU EXTENSION PESTICIDE EDUCATION PROGRAM

The Montana State University Extension Pesticide Education Program is an educational program promoting the proper use of pesticides to protect public health and the environment. This includes coordinating the Montana Private Applicator Training Program, as well as providing educational resources regarding pesticide use, pest management, reading the label, pesticide law, health, safety, and the environment. The Pesticide Education Program supports all applicators, businesses and homeowners by combining educational resources and knowledge from scientists, governmental agencies and the public.

MSU FOUNDATION SEED PROGRAM

The MSU Foundation Seed program provides foundation seed to statewide producer partners, primarily from the university's spring and winter wheat and barley breeding programs in addition to oats, safflower, peas and lentils. We are an extension of MSU's breeding programs and strive to increase recommended varieties with the assurance of genetic purity and quality standards.

MT Ag LLC

Farmers Foundation That Built this Nation

We are a new business with old roots. Locally owned, convenient, and efficient. Our goal is to provide good agronomic services to our growers. Field scouting, soil sampling, fertilizer, seed, chemical sales, dry fertilizer spreading, and delivery. Brad, Jamie Birch, and the crew will work with you to optimize your returns. Please find us at www.montana-ag.com and 406-271-2543.

MT AGRIDRONE SERVICES

I provide drone pesticide application including herbicide, insecticide, and fungicide for whole field or spot coverage.

NACHURS

Since 1946, NACHURS liquid fertilizers have been recognized for their high-quality, low-salt fertility products. Over the past seven decades, our seed-safe, non-corrosive, in-furrow fertilizers have formed the core of our product range. In addition to this foundation, we offer a comprehensive line of foliar fertilizers and micronutrients. NACHURS continues their commitment towards the future with our patented technologies, such as our innovative potassium acetate technology known as NACHURS Bio-K.

NATIONAL AGRICULTURAL GENOTYPING CENTER

The National Agricultural Genotyping Center is a private, not-for-profit laboratory dedicated to advancing agricultural innovation through molecular testing and DNA-based technologies. NAGC partners with researchers, breeders, and industry to deliver accurate, science-based solutions for crop and seed certification, trait validation, and noxious weed detection, supporting the integrity and resilience of U.S. agriculture.

EXHIBITORS & PARTNERS

NATIONAL CENTER FOR APPROPRIATE TECHNOLOGY

More than 2 million farms dot the United States, covering about 40% of the land in America. The National Center for Appropriate Technology's ATTRA Sustainable Agriculture program supports farmers, ranchers, agriculture educators, and land managers at every stage of their agricultural journey.

ATTRA, or Appropriate Technology Transfer for Rural Areas, is a trusted source of sustainable agriculture information and maintains a knowledge base of practical multimedia resources for farmers, ranchers, and educators. NCAT's agriculture specialists work directly with farmers, ranchers, land managers, and others across the country to provide individualized technical assistance, offer practical learning opportunities, and facilitate meaningful connections among producers, experts, researchers, and industry professionals.

From the basics of starting a farm to marketing locally grown products, and from organic specialty crop production to regenerative livestock management, our sustainable agriculture specialists provide trusted, practical multimedia resources to nearly 35,000 farmers each year.

ATTRA was created in 1987 through a cooperative agreement with the U.S. Department of Agriculture Rural Development program.

NORTH 40 AG

Seed Supplier: Cover Crop, WHEAT, Perennials

NORTH 40 OUTFITTERS

North 40 Outfitters, your local, family-owned farm and ranch store rooted in the great Northwest. With stores located Montana, Idaho, and Washington, we proudly serve the people who live and work the land. From farm and ranch to home and outdoor living. We're dedicated to providing quality products, expert advice, and authentic service that reflects the hardworking spirit of our communities. North 40 Outfitters the store that has everything you need for work and play!

NORTHERN AG NETWORK

BOUNTY SPONSOR

On the air since 1975, the Northern Broadcasting System delivers nearly 200 radio programs each week to listeners across Montana, Wyoming and the Western Dakotas.

The Northern Ag Network provides hourly farm news and market reports, weather programs and special features. In addition, the Northern Ag Network produces two daily Ag Television programs each morning, which are seen on nine of Montana's premier television stations. Meanwhile, the Northern News Network provides Montana state news programs eight times daily to Montana radio stations, along with Montana sports, weather, legislative reports and an hour-long daily statewide talk show focusing on Montana issues and events. In addition to news programming, the Northern News Network delivers daily state sports shows, rodeo, gardening and outdoor programming.

NORTHERN PULSE GROWERS ASSOCIATION

Growers association for pulse crop growers in Montana and North Dakota

OSTARA

Ostara is an agricultural technology company that develops and produces sustainable fertilizers by recovering nutrients like phosphorus and nitrogen from wastewater streams. Their Crystal Green® fertilizers are slow-release and designed to increase crop yields and soil health while reducing nutrient runoff and water pollution. It's important not to confuse it with Ostara AG, a real estate management company, as the original query likely refers to the agricultural one.

PHEASANTS FOREVER

Pheasants Forever's mission is to conserve pheasants, quail, and other wildlife through habitat improvements, public access, education, and conservation advocacy. Through our Montana Grassland Initiative, we partner with a broad network of conservation professionals and landowners to address key grassland threats across Montana. Come chat with us to learn more!

Soil, Soil Health, DNA, Plant tissue, Water, Feed, Fertilizer, and Manure analysis

WESTERN AG NETWORK

BOUNTY SPONSOR

The Western Ag Network traces its roots to the Evan Slack Network, founded in 1985 by legendary NAFB broadcaster Evan Slack. Over his 68-year career, Evan broadcasted across 45 states, 4 Canadian provinces, and Australia, interviewing thousands of farmers and ranchers, along with celebrities like John Wayne, Elvis Presley, and President George H.W. Bush. After earning his pilot's license in 1967, he became known for flying across the West to deliver agricultural news, earning the slogan "On the Air and In the Air." In 2016, Evan invited longtime broadcaster Russell Nemetz to join his team. Russell later purchased and rebranded the network as the Western Ag Network. Evan passed away in 2020 at age 86, but his legacy lives on through the network's expansive coverage area, which still includes the original Evan Slack Network footprint.

EXHIBITORS & PARTNERS
